Enable Dark Theme In Chrome DevTools

By [Kayce Basques](/web/resources/contributors/kaycebasques) (/web/resources/contributors/kaycebasques)

Technical Writer, Chrome DevTools & Lighthouse

You can enable dark theme in [Settings](#) (#settings) or the [Command Menu](#) (#commandmenu).

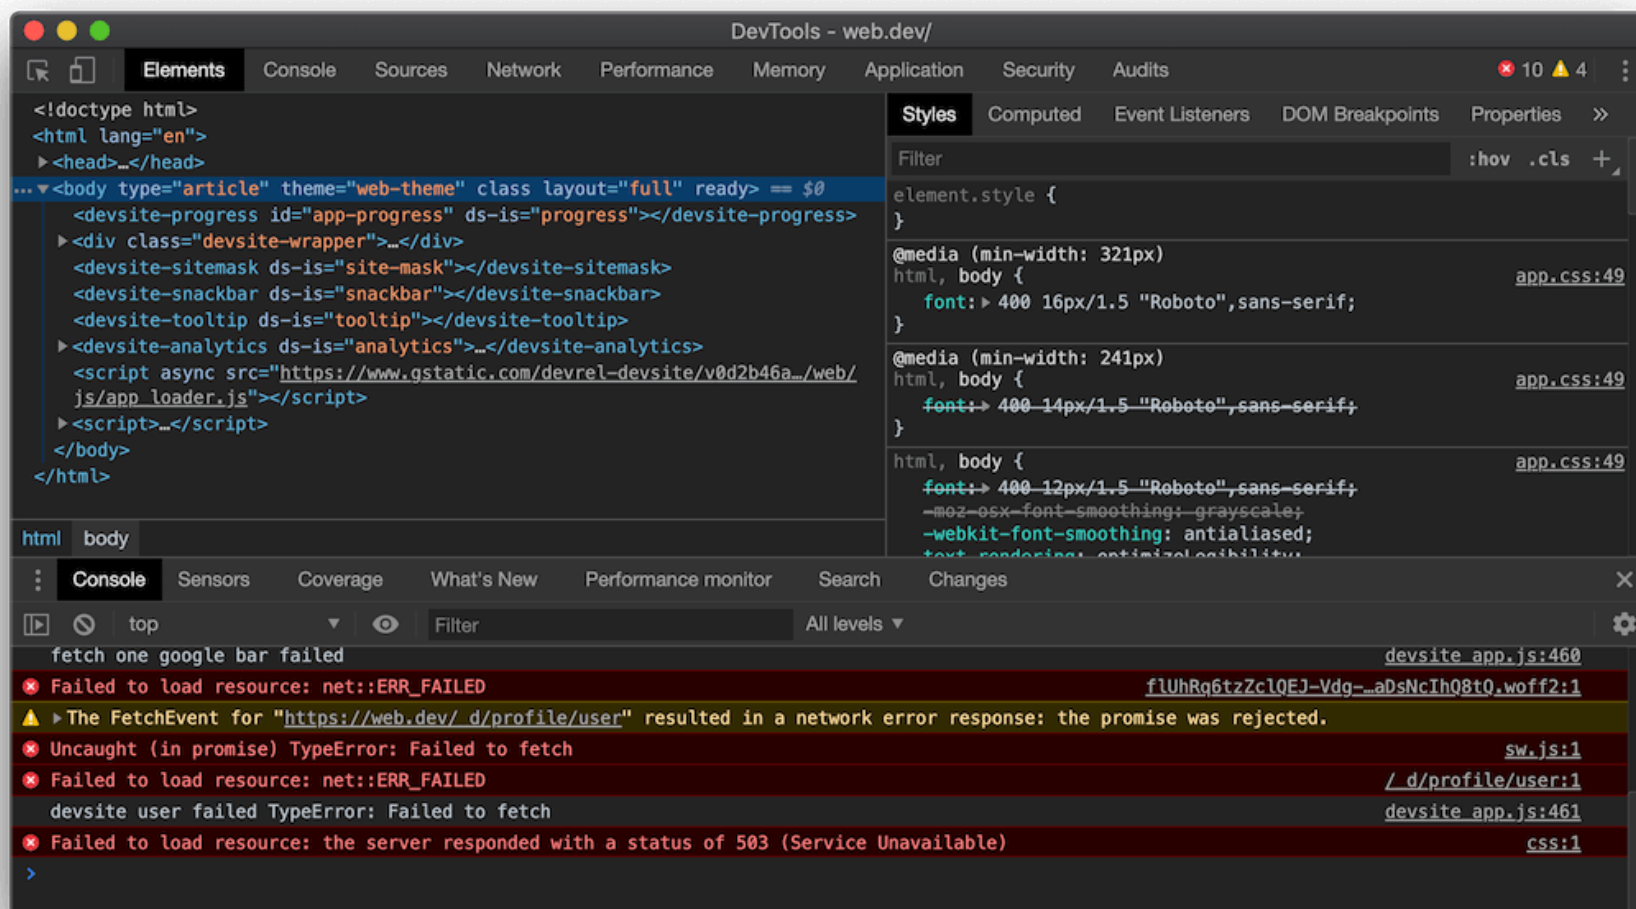

Figure 1. The dark theme.

Set up dark theme from Settings

1. Click **Customize And Control DevTools**

and then select **Settings**. You can also open **Settings** by pressing F1.

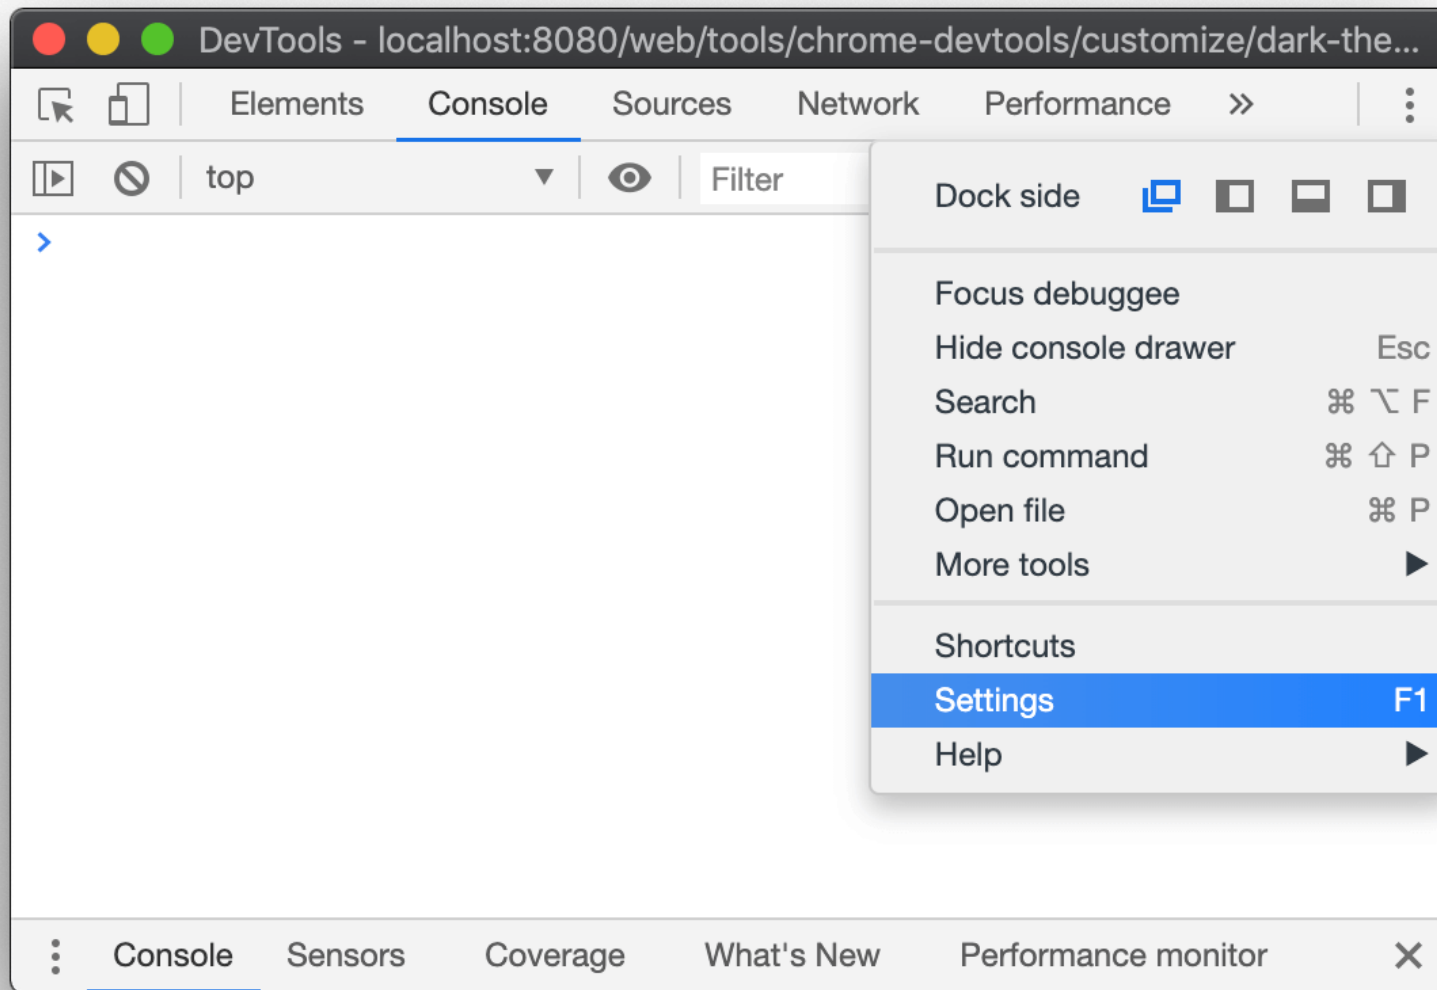

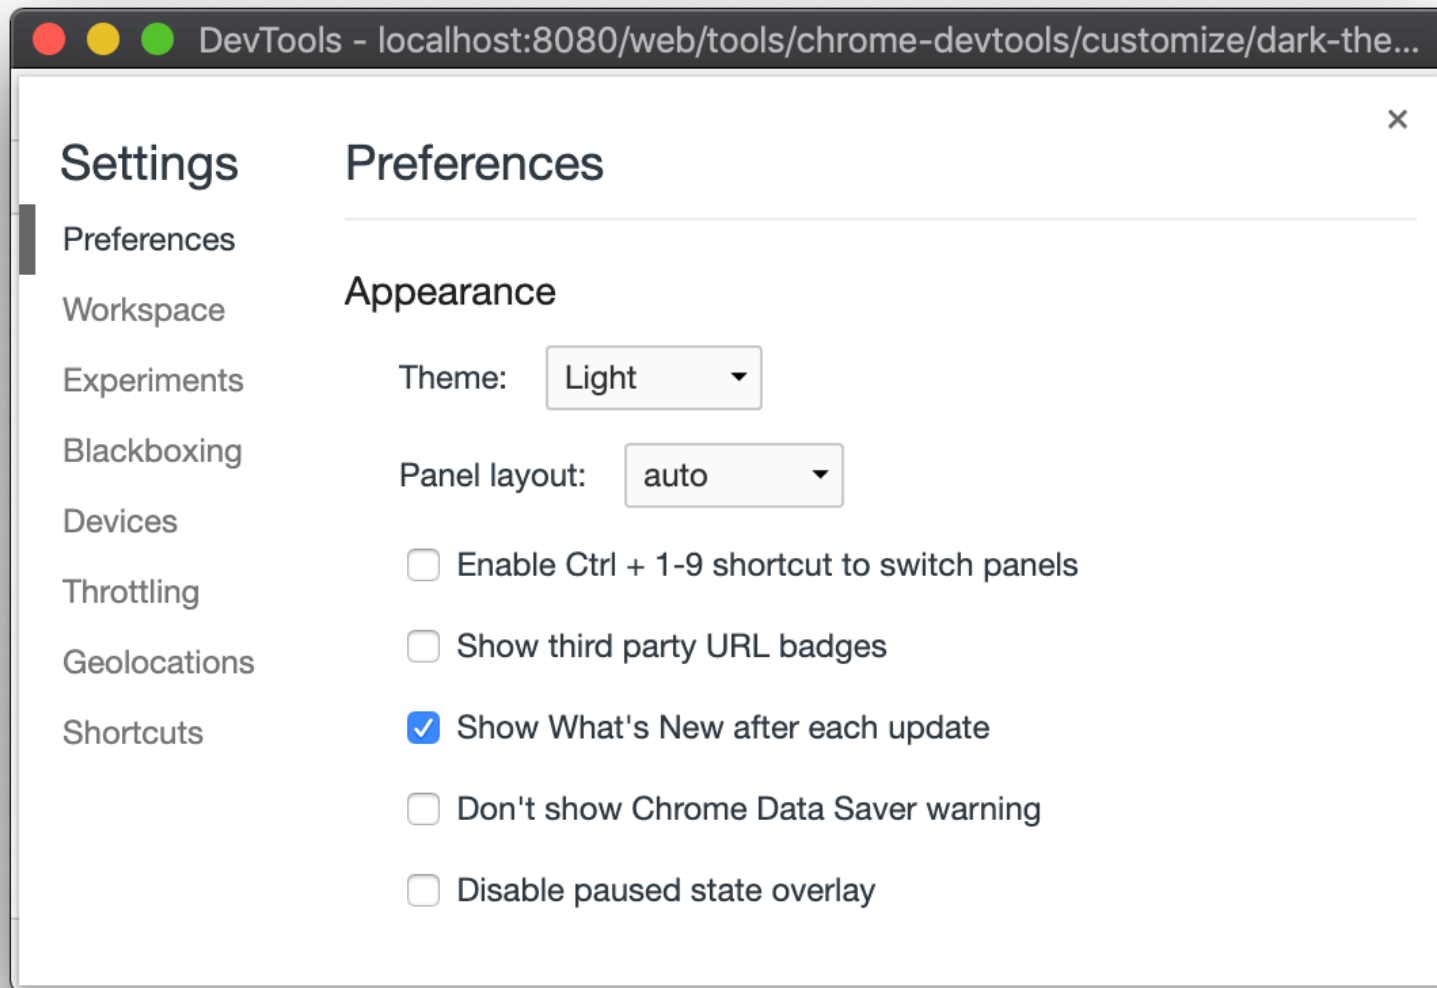

Figure 2. Opening Settings.

2. Under **Preferences > Appearance > Theme** select **Dark**.

Set up dark theme from the Command Menu

- a. Open the Command Menu (/web/tools/chrome-devtools/command-menu/).
- b. Start typing **dark**, select the **Switch To Dark Theme** command, and then press Enter to run the command.

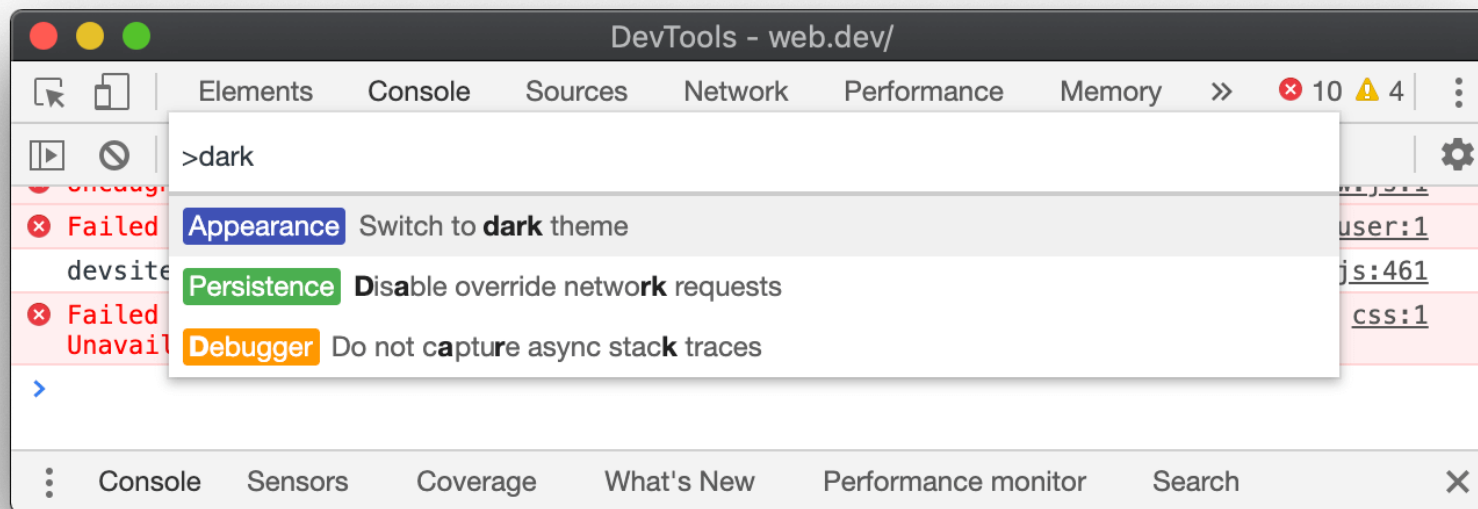

Figure 4. The dark theme command.
